

Thinner, stronger, lighter

Natural light is one of the most desirable qualities a home can have. With unrivalled looks and thermal performance, a REAL Aluminium Lantern Roof brings a stylish ambience to your home while maximising the use of light and space.

GLAZED ROOFS

MORE SKY LESS ROOF™

Perfect for an extension or orangery, this roof lantern offers exceptional benefits unmatched by any other roof on the market. The REAL Aluminium Lantern Roof has sharp, clean lines with minimal roof bars, made possible thanks to the super-slim 40mm frame without chunky support bars or joint covers.

Compared to other conventional Lantern Roofs, the REAL Aluminium Lantern Roof has a 70% slimmer top roof bar (also known as the ridge) and 30% slimmer rafter bars.

Using the benefits of slimline technology, we have combined good looks, outstanding thermal performance and intelligent detailing, to create one of the finest looking lantern roofs available.

FLAT ROOFLIGHT

Bring style to your home with the REAL Aluminium Flat Rooflight. With unrivalled looks and thermal performance, it is the ultimate glazed flat rooflight designed to throw maximum light into any home.

Minimal Sightlines

The minimalistic contemporary external design with flush glazing gives a sleek, modern appearance and is a stunning addition to any home extension.

Ultimate performance

With an unrivalled double glazing overall U Value (roof and glass) of 1.3 w/m²k the REAL Aluminium Flat Rooflight outperforms many of its rivals.

Maximum Light

Sitting flush with the internal plaster line, the fixed flat rooflight appears frameless from the interior of the home, creating the illusion of an open roof space.
