

BI-FOLDING DOORS

REAL Aluminium Bi-folding Doors create superior panoramic views all year round from the comfort of your living room, kitchen, conservatory or orangery. By neatly folding and sliding, the REAL Aluminium Bi-folding Doors allow quick and easy access to your garden.

The large panes of glass present unspoilt views of the outside and allow maximum light into your home.

The style of your beautifully designed and carefully manufactured bi-folding doors are easily matched to the existing style of your home and provide a smooth transition between indoor and outdoor space.

Choose from panes up to 1200mm wide and 2500mm high, in a choice of opening options. These can be designed to suit any opening size. Your REAL retailer will give you advice on the most suitable option for your requirement.

Bi-fold doors offer a choice of opening configurations to suit your needs:

- Fold the doors in or out
- Slide all doors to one side
- Create a single entrance for easy access and have the remaining doors slide the opposite way
- Part the doors centrally to create a double door

Available colours:

Configuration examples:

Not all configurations have an external handle for access from the outside. Please ask your REAL Retailer for details.

Slim, strong, smooth

The high strength of aluminium ensures the REAL Aluminium Bi-folding Doors are one of the strongest available.

The REAL Aluminium Bi-folding Door frames and mechanisms are designed to give optimum strength and durability to ensure a structurally sound product that requires minimal maintenance to deliver reliable performance over a lifetime of use.

The REAL Aluminium Bi-folding Doors run on stainless-steel rollers at the base of the frame. This is an important consideration as the entire weight of the bi-folding door is taken by the track and the smooth running of your doors depends on the quality of these rollers. Thanks to these special rollers even the widest of door combinations can be opened easily without the need for excessive effort.

In most instances, it is possible to have integral blinds fitted within your bi-folding doors. Your REAL Retailer can advise on the options available.

Magnetic door catch

The REAL bi-folding door leaf is held open by a round magnetic catch attached to folding doors, holding the doors open as they fold.

Threshold

Our four threshold options let you choose from floor to floor flush threshold, right the way through to a traditional step and provides maximum weather rating for extreme conditions. When a flush doorway is required - for example separating two rooms or for wheelchair access - our low threshold options ensure a smooth, unobtrusive transition.

Multi-point locking

REAL Aluminium Bi-folding Doors feature two high-security hooks and a dead-bolt to ensure total peace of mind. Upgraded locking systems are available, please speak to your REAL Retailer for details.

Trickle vents

In certain circumstances your local Building Regulations will require you to have ventilation slots in your window or door frame to allow your home to 'breathe'. Your REAL retailer will advise you on the options and requirements.

Handles

No matter how many handles and locks you have on your REAL Aluminium Bi-folding Doors, you only ever need to find one key as your door set has 'keyed alike' locks as standard for your convenience.

Hardware is available in a choice of finishes allowing you to tailor your doors to suit your interior.
