

Features

Superior Thermal & Acoustic Performance

Virtu-AL doors are engineered with security in mind. Each and every Virtu-AL door has the best security hardware and is PAS24 compliant.

For extra peace of mind, choose from a range of security upgrades.

Aluminium Glass Surround

Complete the contemporary look with sleek aluminium edging for your glazed sections. Available exclusively with Virtu-AL, the anodised aluminium edging beautifully frames your choice of designer glass designs.

Strong, Safe & Secure

Virtu-AL improves the efficiency of your home with advanced protection from outside noise and the ultimate thermal technology to retain heat in your home and keep the cold out.

Designer Glazing

Carefully crafted specialist glass designs have been exclusively created for the Virtu-AL door range.

Colour Match

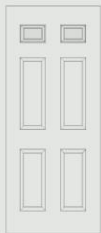

Much like aluminium doors, Virtu-AL can be powder-coated with any RAL colour in our state-of-the-art paint studio.

Colours are as accurate as the printing process allows. Due to the hand painting and staining process, we can't guarantee an exact colour match between the door and the external door frame.

COMPOSITE DOORS

Enhance the beauty of your home with an exterior door that combines traditional looks with all the benefits of modern materials. Made from glass-reinforced polymer (GRP), REAL Aluminium Composite Doors provide leading security and insulation standards, in a made-to-measure package that is virtually maintenance free.

Stunning aesthetics

Developed from oak tree grain, the wood grain effect finish on a REAL Composite Door creates a beautifully authentic appearance. This, complemented by the REAL aluminium door frame, forms a beautiful and high-performance door.

Tailor-made

Every REAL Aluminium Composite Door is individually made to measure a perfect fit. The range includes the most popular door designs, colours and glass options to suit any home.

Security and protection

Peace of mind is assured with high-security multi-point locks and internal glazing. A reinforced, low-maintenance REAL Aluminium frame conforming to British standards keeps the weather and would-be intruders at bay.

Fully tested

Built to last, REAL Aluminium Composite Doors are subjected to rigorous intrusion, impact, wind and rainwater tests, and manufactured to comply with recognised standards for stability, rigidity, thermal insulation and safety glazing.
